ADJOURNMENT

Recess and/or closed session to be called at the discretion of the Board. Meetings of the Board shall adjourn at or before 11:00 p.m. unless approved by a majority vote of the Board.

Materials related to this agenda submitted to the Board of Trustees less than 72 hours prior to the meeting are available for public inspection by contacting the Superintendent's Office at 11019 Valley Home Avenue, Whittier, CA 90603, or (562) 902-4203 during normal business hours.

The next scheduled Lowell Joint School District Board of Trustees Meeting is Monday, February 7, 2022.

LOWELL JOINT SCHOOL DISTRICT January 24, 2022

To:

President Salinas and Members, Board of Trustees

From:

Jim Coombs, Superintendent of Schools

Subject:

Public Hearing-Adjustment of Trustee Area Boundaries,

Presentation By Demographer Regarding

Trustee Area Boundaries, Public Comment on Trustee Area Boundaries, Board Discussion re Trustee Area Boundaries

INFORMATION / (PUBLIC HEARING)

Every ten years, following the release of federal census data, Education Code section 5019.5 requires the governing boards of school districts to adjust their trustee area boundaries if the population of the trustee areas varies 10% or more. The District's demographer, National Demographics Corporation, has advised the District that its trustee area boundaries vary more than 10%. Therefore, it will be necessary for the Board to adjust its trustee area boundaries. The statutory deadline for adjusting the boundaries is March 1, 2022. If the Board misses the deadline, the Orange County Committee on School District Organization will make the adjustments.

The purpose of tonight's public hearing is to hear a presentation by the District's demographer and receive input from the public and board members on the adjustment of trustee area boundaries. Following the Demographer's presentation and public input, the Board may ask questions and provide its input for the Demographer who will draw several proposed maps for the Board to consider at its next meeting."

Superintendent's Comment:

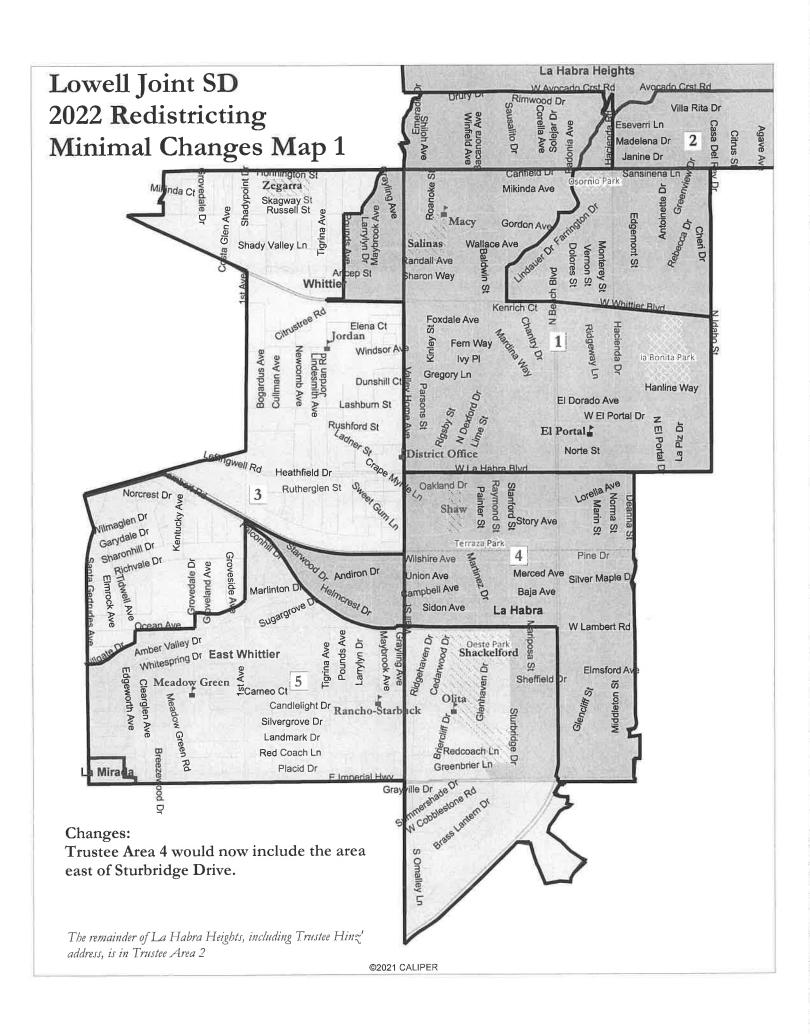

NOTICE OF PUBLIC HEARING LOWELL JOINT SCHOOL DISTRICT

Lowell Joint School District will hold a Public Hearing pursuant to Education Code Sections 5019.5. The District is required to hold a public hearing to encourage participation by parents, teachers, members of the community interested in the affairs of the School District, and bargaining unit leaders.

NOTICE IS HEREBY GIVEN that the Board of Education of the Lowell Joint School District at a board meeting to be held at 7:30 p.m. on January 24, 2022, at the District Office located at 11019 Valley Home Avenue, Whittier 90603, will conduct a public hearing in accordance with Education Code section 5019.5 to receive and consider input regarding the criterial and composition of trustee area maps to be considered as part of the process in which the Board approves the adjustment of trustee area boundaries pursuant to Education Code sections 5019 and 5020. The Board invites public testimony regarding this matter.

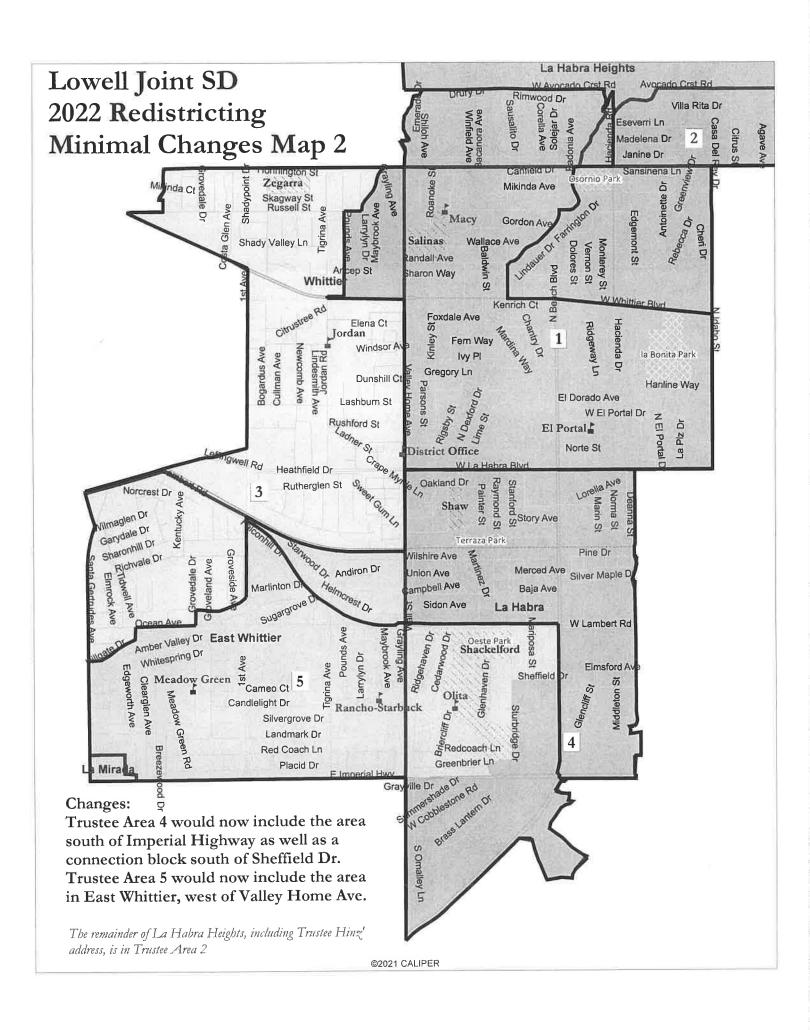

The January 24, 2022, Board meeting of the District will begin at 7:30 p.m. in the Board Room located at 11019 Valley Home Avenue, Whittier, CA 90603.

Questions and/or comments should be directed to Jim Coombs, Superintendent of Schools at (562) 943-0211.

Approval of the 2020/21 School Accountability

INFORMATION/

Report Cards

ACTION

The purpose of School Accountability Report Cards (SARC) is to provide parents and the community with important information about each public school. A SARC can be an effective way for a school to report on its progress in achieving goals. SARC's must be updated annually and published by February 1.

The 2020/21 School Accountability Report Card published during the 2021/22 school year for each school site is available at the District Office and on each school's website.

It is recommended that the 2020/21 School Accountability Report Cards, for each school site, be approved, and that the Superintendent or designee be authorized to execute the necessary documents.

Superintendent's Comment:

El Portal Elementary School 2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

It is the mission of El Portal School to create for our students a culture of universal achievement, a strong educational foundation, and college readiness. El Portal is a No Excuses University school and we encourage and empower our students to strive for learning and goals that will prepare them for college. We encourage and help to develop in students: character, a passion for learning, and academic excellence. It is our goal to provide a strong foundation in America's values, traditions and heritage and to teach our students to embrace the diversity of others on campus and in the community. Our staff, parents, and community members work closely together to help each child reach his or her potential. Collaboration and communication between school and home is an integral part of the success of El Portal Elementary School. We provide an automated phone message system, a parent information email system and a school website. We also utilize social media to communicate with families by way of Twitter, Instagram, and Facebook. Working together as a school community, El Portal offers a safe, childcentered environment that provides students with the essential skills to become life-long learners. El Portal is a school where students and staff approach the learning process eagerly, with enthusiasm, passion, and wonder. The staff provides an atmosphere that fosters creativity, individuality, cooperation, and understanding. The staff is trained in numerous teaching styles and utilizes a variety of strategies to provide an exciting and well-balanced instructional program designed to meet the needs of all students; including Guided Language Acquisition Design (GLAD), Explicit Direct Instruction (EDI), and Thinking Maps. We are a professional learning community dedicated to the development of each and every child. The California Common Core State Standards are comprehensive and challenging; they build skills and knowledge while developing critical thinkers and productive members of society.

El Portal Elementary School offers a wide variety of programs for students. We have an active School-Site Council, a School Safety Team, Green Team, Drama Club, and much more. Most recently we have been selected as one of only 4 schools in Orange County to join the Disney Musicals in Schools where we focus on youth theater. We offer programs in the arts, music, STEAM activities and PE. Our students have opportunities to become involved in the arts through writing clubs, drama, and music. El Portal offers technology integration through our in-school Chromebook initiative for all TK - 6th grade students as well as the use of our STEAM lab for all grades. Individual grade levels offer recess tutoring through programs like AIM and Learning at Lunch. Aspire to Increase Motivation (AIM) offers before/after school help for students who struggle in reading and math skills. In May of 2019 El Portal was accepted as a No Excuses University School. As part of this network of schools, El Portal has pledged to make a focused effort to promote a college going culture on our campus and ensure academic success for all students. El Portal has continued its participation in the network through weekly Motivational Monday Pep Rallies as well as displaying our adopted college's flag in the hallways.

El Portal Elementary School is the doorway to academic opportunity where we, "Believe, Achieve and Succeed."----

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

El Portal Elementary School has 25 classrooms, ten of which are bungalows. Primary and upper-grade classrooms are separated and each has its own spacious playground area. Our transitional kindergarten and two kindergarten classes have their own enclosed play area. The upper-grade playground is equipped with swings and two regulation size soccer fields. Student physical fitness is promoted even during playground play. We have an outside stage area and an eating area with newly installed benches. Each classroom is equipped with wireless internet, class computers, some iPads, and we have closed circuit TV. All grades have individual Chromebooks for use inside the classrooms.

Our office area consists of a newly renovated teacher workroom and office and a separate teacher's lounge. Our library is a beautiful facility complete with story steps, cozy corners, and study areas. Our campus has garden areas, is clean, well-manicured and freshly painted. In 2015, El Portal opened its Science, Technology, Engineering, Art, and Math (STEAM) Lab that all TK-6th grade students use for hands on learning to solve problems in different ways. In 2016, our wireless network was updated in order to provide the speed necessary for the more than 500 Chromebook devices that all of our TK - 6th students use in the classrooms. Major upgrades for things like roofing and HVAC systems were completed in 2020 under Measure LL.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- · Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents at El Portal have many opportunities for involvement and are highly visible on our campus. Parents and other relatives of our students are actively recruited and seen working on our campus. They volunteer daily in our library and in our classrooms. Families at El Portal understand that it is the partnership between home and school which creates a strong and positive learning environment for our students. Parents and community members are often found volunteering on our campus. Our local junior high and high school students also volunteer time on our campus. When augmented by the expertise and caring of the teachers and staff at school, we are able to ensure a safe and industrious environment for our children, every day. On any given day, a visitor to El Portal will find numerous volunteers working in classrooms and around school to help accomplish our goals for the week, the month, and the year.

Through our very active Parent Teacher Association (PTA), parents sponsor many programs, including: Spring Fair, Red Ribbon Week, special grade-level programs, fund-raisers that support our field trips and assemblies, Family Nights, Family Picnic, and class parties. These are just some of the many activities that take place through our PTA. Room Parents also help throughout in planning special events for our children. Parents are also involved in our English Language Advisory Committee (ELAC) and School Site Council (SSC). Parent involvement on our campus is an integral part of the success of our campus programs.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- · Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

El Portal has in place a comprehensive school safety program. A disaster and crisis intervention plan is current and reviewed each year. A school-wide discipline plan is reviewed and followed with appropriate positive and negative consequences outlined to provide a fair and consistent program for all students. The program is designed to assist students in learning how to make appropriate choices. Guidelines for behavior are reviewed with all students. El Portal's school programs help to provide a safe and appropriate learning environment for all students. The learning environment reflects an academic focus and El Portal maintains high expectations and standards for achievement and behavior. Pride in the physical environment is stressed and a safe, orderly campus is maintained. El Portal Safety Patrol is used to help maintain an organized and safe pick-up and drop-off of students entering and exiting our campus. This group of students is used to help direct the flow of student foot traffic to and from school, answer questions, and generally ensure a smooth arrival and dismissal of the student body before and after school.

El Portal is a 'Closed Campus' for use of facilities and playgrounds. Visitors on our campus are expected to wear an identifying badge at all times and our campus is secured throughout the school day. Campus gates are strictly locked during session hours and all visitors to campus are required to sign-in with a digital scan system, Raptor. All groups who plan to use our facilities must first gain written permission and show proof of insurance. Although we strongly encourage parental and community involvement in the daily running of the school, facility-use agreements are only granted to persons with known business on our campus. Any adult who accompanies a class on an off-site field trip must first be fingerprinted and cleared by the Department of Justice before they are allowed to assist as a chaperone.

We review safety procedures monthly with fire drills and lockdown/earthquake drills. El Portal teachers and staff make-up a 'first response' team and are prepared to assist in all safety concerns of campus life. Students practice daily entrance and exit procedures to and from class, to and from recess and lunch, and to and from assemblies. The students are expected to be on their best behavior and follow line rules at all times. The entire student body has practiced being dismissed (as an individual class and as a whole group) from any event in just a few minutes without any talking or disruptions. The staff and students are very proud of their entrance and exit procedures and the orderly fashion in which events are run.

2020-21 Types of Services Funded

Title I funds provide economic assistance to supplement the regular instructional program for educationally disadvantaged students. Expenditures include: tutoring, Reading Plus, Reading Counts, Lexia, Flocabualry, Mystery Science, instructional aides, substitutes, instructional supplies, supplemental supplies, conferences, consultants, postage, non-capital equipment, and student field trips.

Title II funds are designated to improve teacher quality and increase the number of highly qualified teachers. The program focuses on research based strategies to prepare and train highly qualified teachers.

Title III funds are designated to ensure that students attain English proficiency and meet the same challenging academic achievement standards required of all students. Funds are used for translation, support services, instructional aides, supplemental books, and conferences.

Professional Development

Staff development opportunities are embraced as we work together as a professional learning community. El Portal's staff is constantly seeking ways to improve our programs. Our staff has received ongoing training in reading comprehension and the mathematical practices for the last few years. This year our staff development continues to focus on the writing process. Several of our teachers have attended seminars in math, reading, and technology and have brought the material back to the staff and presented at an in-service to the staff. The staff has also received extensive training in working with our English Language Learners. All of our staff has been trained in Guided Language Acquisition Design (GLAD). More than 50% of our staff has been GATE certified and is beginning to use the depth and complexity icons in their teaching practices. One afternoon each week is provided by the district for the purpose of staff development. Grade level teams meet on a regular basis to evaluate instructional strategies and to implement new methods to provide the best possible instruction. One of El Portal's many strengths is the team effort among the staff as they build a strong academic program at each grade level. As a professional learning community, we evaluate and revise our mission statement, create and update curriculum, and focus on student goals each year. Science, Technology, Engineering, Art, and Math (STEAM) is embraced by the staff as they engage in lessons and challenges with their class. Staff development is provided to focus on how to teach and integrate STEAM subject matter and how to make it relevant and engaging for our students to learn.------

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.

Jordan Elementary School 2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

regarding English learners).

Page 1 of 23

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest is an online data tool located on the CDE DataQuest web page at

dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data

DataQuest

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Jordan Elementary School spans the border of Los Angeles and Orange Counties in Southern California. It is located 20 miles south of Los Angeles in the tight-knit communities of northeastern Whittier and western La Habra. Jordan Elementary School is part of the Lowell Joint School District which includes five elementary schools and one intermediate school. The Lowell Joint School District is a traditional school district which maintains a strong emphasis on academics, character education, and patriotism. Jordan Elementary School has an enrollment of over 400 students in grades TK-6. The school population includes 75% Hispanic, 20% Caucasian, and 5% Other. A total of 88% of the students speak English as a primary language while 12% are English language learners. Jordan Elementary School provides categorical services which include Title I and services for English Learners. Special Education includes the resource center model and provides a Speech and Language Specialist. In addition to core academic instruction, all students receive choral instruction weekly, art instruction once a month, STEAM focused curricular activities monthly, and weekly lessons targeting students social/emotional well-being. Students in grades Kindergarten through 6th have one to one Chromebook devices.

Jordan Elementary is the home campus for the Lowell Joint School District's Dual Language Academy. The program, which is in its third year, serves approximately 105 students in grades TK through 3rd grade. The goal of the program is to provide instruction that allows for students to become bilingual, biliterate, and multi-cultural.

The school enjoys a very high degree of parent and community involvement. Jordan Elementary School works collaboratively and comprehensively with parents and community members to strengthen a learning environment focused on raising student achievement. Jordan considers parent involvement to be a key component of student success in school.

After school enrichment programs are an integral part of Jordan's differentiated experiences that extend our students' learning. Our many after school programs are designed to provide students with a well-rounded educational experience to enhance the whole child. Some of the programs that Jordan Elementary School offers are homework assistance, visual arts design, and cross-country. We also engage, inspire, and challenge our students to become productive citizens through participation in our student leadership program. These programs strive to engage and motivate our students to expand their unique talents and abilities and promote a positive school climate.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Jordan Elementary School was built in the mid 1950's. During the 21-22 school year, Jordan is undergoing renovations to the campus with funding coming from the passage of local measure LL. The renovations include replacing all portable classrooms with permanent buildings, replacement of the existing office building, new roofs on all existing classrooms, replacement of HVAC units and upgrading of the associated plumbing and electrical systems, and replacement of primary play areas. Other planned improvements to the school include a literacy garden and outdoor garden science center.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

A very active parent group supports Jordan through their involvement in the Parent Teacher Association (PTA), School Site Council (SSC), and the English Learner Advisory Committee (ELAC). PTA offers family activities including movie nights, Stoves on Strikes fundraisers at local restaurants, family STEM challenges, and fun run. SSC and ELAC meetings are held on a regular basis throughout the year. In addition to participation is these groups, parents volunteer in classrooms, the school library, and assist with special events. Jordan Elementary school has partners with a variety of community organizations to provide the basic necessities for families in need.

Parents are kept informed of school events and opportunities for involvement through the school website, weekly phone and email messages that go out in English and Spanish, calendars, notices, and the school marquee. In addition, the Jordan PTA keeps parents informed with weekly emails and social media via Facebook. Any parents wishing to become involved may also contact the school office.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Staff at Jordan Elementary believe that in order for students to learn they must feel safe at school. To ensure student safety, Jordan Elementary has in place a school-wide discipline plan, a disaster preparedness plan, and a comprehensive school safety plan. School rules and behavior standards are clearly communicated to students at the beginning of the year. Upon returning from Winter Break, students attend a brief assembly to review these expectations. The principal is responsible for making sure the school-wide discipline plan is fairly and consistently enforced. The staff regularly reviews the school wide discipline plan at staff meetings throughout the year. The disaster preparedness plan is designed to cover emergencies such as fires, earthquakes, and other natural disasters. The plan is reviewed annually with staff so all persons are aware of their roles in the event of a disaster. In addition, the school holds regular fire and earthquake drills so students and staff are familiar with procedures covering both potential events.

The Comprehensive School Safety Plan is reviewed and updated annually prior to March 1st prior to submittal for approval by the school board. The plan is reviewed with staff, PTA, and Jordan's School Site Council in the month of January.

2020-21 Types of Services Funded

Title I funds provide economic assistance to supplement the regular instructional program for educationally disadvantaged students. Expenditures include: tutoring, substitutes, instructional supplies, supplemental supplies, conferences, postage, non-capital equipment, and student field trips.

Title II funds are designated to improve teacher quality and increase the number of highly qualified teachers. The program focuses on research based strategies to prepare and train highly qualified teachers.

Title III funds are designated to ensure that students attain English proficiency and meet the same challenging academic achievement standards required of all students. Funds are used for translation services in languages not required by Ed Code (less than 15% of enrollment), support services, instructional aides, supplemental books, and conferences.

2019-20 Teacher and Administrative Salaries

Professional Development

The success of our program is directly related to the fine staff of well-trained, dedicated professionals here at Jordan Elementary School.

Our teaching staff is continually seeking ways to improve their skills and the instructional program. Teacher training priorities are identified each year and teachers and administrators participate in District and school-level inservice programs. Jordan Elementary School is provided one shortened day per week for site-based inservices and collaborative meetings related to specific school goals. August inservices, after-school and non-student day inservices, as well as various conferences throughout the year, are provided as needed.

This table displays the number of school days dedicated to staff development and continuous improvement.

Lowell Joint School District 2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.

Macy Elementary School 2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

MISSION STATEMENT

Macy Elementary's mission is to prepare all students to be career and college ready with 21st Century educational experiences, while encouraging all students to be safe and respectful future leaders in a global and competitive economy.

SCHOOL DESCRIPTION

Macy is a recipient of the 2016 California Gold Ribbon School Award and the 2010 California Distinguished School Award. Macy also consistently wins Gold and Silver recognition in the Science Olympiad. Our campus is located in the city of La Habra, at the base of La Habra Heights, one mile north of Beach Blvd. Macy is one of five elementary schools in the Lowell Joint School District with an average enrollment of 500 students. Macy operates 19 self-contained classrooms spanning Transitional Kindergarten (TK) through Sixth Grade. TK and Kindergarten classes are full day.

Macy has a resource center and two district special day classes. Macy's English Learner (EL) population is considered small. All teachers at Macy are certified to meet the needs for developing English proficiency in students.

Macy is proud to offer a district-created, award-winning, Character Education Program which includes both home and school components addressing monthly themes. Teachers also implement lessons found in the District Patriotic Guide where social responsibility and good citizenship are emphasized daily and foster a strong appreciation of America's great heritage.

This knowledgeable and energetic staff excels in all professional requirements. The teachers work with a collaborative spirit; sharing ideas and strategies with enthusiasm. Teachers meet weekly so the core curriculum remains consistent between classes. The staff provides optimum learning environments that are nurturing, well organized, stimulating, and exciting.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All adopted core curriculum is reported in the table below.

Some of the most widely utilized and successful supplemental programs/curriculum used at Macy include: Mountain Math, Daily Oral Math, speed math folders, Mind Maps, Daily Oral Language, Step-Up-to-Writing, and the web-based programs of iReady and Accelerated Reader (AR).

The District is currently piloting for a Science adoption during the 2021-2022 school year.

School Facility Conditions and Planned Improvements

Macy School Facility Profile

Built in 1957, Macy Elementary School has five main wings of classrooms first through sixth grade, which also includes the library, a STEAM Lab, and three special education rooms. The Macy TK and Kindergarten are connected to the main office building and the teachers' lounge but are designed to have their own privacy and Kindergarten play area, a second kindergarten class is in close proximity to the office. Four separate bungalows make-up the remainder of the classrooms that are not attached to the main wings. A permanent, three-room bungalow houses the school psychologist, the speech and language therapist, and the Macy Conference Room. Macy has a full-functioning kitchen with an attached multi-purpose room that converts into a meeting hall or cafeteria with minimal effort. The district also coordinates a fee-based, before and after school, daycare program called OPTIONS, located at the southeast corner of the campus.

A major improvement project funded by the passage of Measure LL was completed at the Macy campus from January 2021 through July 2021. The project included much needed repair and updating to HVAC, sewer systems and roofing, as needed, on the classroom buildings. The school was temporarily relocated to Maybrook School at 11700 Maybrook Ave., Whittier, 90604.

The 2021 Macy FIT (Fitness Inspection Tool) reports that the facilities are in 'Good Repair.'

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Macy Elementary School values the home-school component of our campus life. At Macy, parents and extended relations of our students regularly help on campus, and have been excited to get back onto campus after the COVID restrictions. Volunteers allow Macy to sustain the programs and activities and the school was thrilled to welcome volunteers back on campus in December 2021. Families at Macy understand that it is the partnership between home and school that creates a strong and positive learning environment and when augmented by the expertise and caring of the teachers and staff at school, we are able to ensure a safe and industrious learning environment for our children.

The Parent Teacher Association (PTA) Executive Board works closely with the principal to set the goals of programming at Macy. Parents participate in numerous committees and chair positions. PTA members hold positions as active, contributing members of the Macy Elementary School Site Council. PTA Executive Board liaisons accompany the principal to district level information meetings where parent feedback is held in high regard; especially when it helps promote our programming and school activities. On any given day, a visitor to Macy will find numerous volunteers working in classrooms or on campus to help accomplish our goals for the week, the month, and the year.

Among other things, the Macy PTA runs the following events and programs during the year: Macy Trunk or Treat, Macy Reflection's Program, Macy Yearbook, Macy Family Nights (i.e. STREAM Night, Angel Night, Duck Night, Movie Night), Macy Kindergarten Picnic, Junior Achievement, Science Olympiad, fall and spring book fairs, Valentine's/Holiday/End-of-the-Year Parties, Macy Senior Friend's Day, Honorary Service Award Ceremony, The Macy Fun Run, assemblies, and class field trips. All parents and friends of Macy are encouraged to become involved in the PTA. Further event and calendar information, including PTA membership registration, can be found at Macy.LJSD.org.

Parents are also important members of school support programs such as Noon Duty Aide supervision and the volunteers who assist in the library.

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2021-22 School Safety Plan

Macy School Site Council Review of Safety Plan: October 2021
Macy NIMS (National Incident Management System) Reviewed with site personnel: October 2021

At Macy we believe that all students have a right to learn in a safe and secure environment. In order to ensure student safety, Macy has drafted a School Safety Plan. This safety plan includes Macy's National Incident Management System (NIMS) which provides an organized response to a variety of incidents including major incidents such as: fire; earthquake, and lockdowns. It outlines a school emergency response team and includes organizational charts with responsibilities and duty descriptions for school personnel. Our Safety Plan also includes the use of CatapultEMS. All staff at Macy have been trained on CatapultEMS to ensure a dedicated emergency communication system that is clear and connected at all times with the school safety team, our teachers, the district, and law enforcement.

The School Safety Plan, in addition to the NIMS, also includes an alternate location for students and staff to relocate to in the event the campus is not inhabitable. It also contains contact information for various emergency agencies such as local police and fire departments. School Administration speaks to the local emergency agencies annually to ensure a quick and efficient response in the event of an emergency.

Professional Development

The staff in Lowell Joint School District is provided with numerous professional development opportunities throughout the year. Outside of their regularly scheduled staff and grade level meetings, the district administration, (principals and superintendent), meet as needed to review, discuss, and be trained in different areas of focus that are deemed appropriate: Thinking Maps, Common Core Standards (CCS), Explicit Direct Instruction (EDI), Visible Learning (VL), K-3 Guided Language Acquisition Design (GLAD) training, Standards-Based Reporting, Illuminate, ST Math, Lexia Reading, Disaster and Safety Academy Training, differentiated instruction, assessment and testing, the Local Control Accountability Plan (LCAP), Professional Learning Collaboratives (PLC), textbook adoption, and English Language Learner instruction.

The teachers meet each week in regularly scheduled Grade Level Meetings, Professional Learning Collaboratives (PLC), and staff meetings, to plan and share new ideas or target areas of focus for curriculum, instruction, and management. When new textbook adoptions are being considered for the core areas, teachers take part in the publisher in-services on the appropriate implementation of the materials. Teachers are expected to have a say in the adoption process and are included, at the onset, in all reviews of instructional materials.

Guest presenters come to the District to in-service teachers in areas that include: the California State Standards, Thinking Maps, Explicit Direct Instruction, Mind Math (JiJi), Lexia Reading, textbook alignments, differentiated instruction, classroom management, English Language Learner instruction, and special education strategies as well as Special Education Information System (SEIS) compliance. The valued resources of our own internal and professional teaching staff are further utilized when necessary. Teachers may attend trainings hosted by their 'expert peers' and colleagues in the areas of miscue analysis; reading and math strategies; California Teachers of English Learners (CTEL) Training; the Writing Process; Science Technology Engineering and Mathematics (STEM) conference, etc. Once a focus area is identified, district and site-level inservices are provided to address the needs.

The Targeted Improvement Plan also helps school teams address their most challenging curricular areas (by grade level) so that the principal, and if necessary, the district curriculum department, can write an action plan for improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.

2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

School Description:

Our goal in 2021/22 will be to continue the tradition of academic excellence at Meadow Green. Our students continue to rank among the highest performing elementary schools not only in the Whittier / La Habra area, but across the state of California on yearly California Smarter Balanced summative assessments in both English Language Arts and Math. Strong results on these rigorous assessments indicate that Meadow Green produces students who are college and career ready! In addition to a robust TK-6 general education program, we are also the proud home of Lowell Joint's preschool special education program, which provides early intervention for students 3-5 years of age who are eligible based on special needs assessments.

Citizenship, character education, and safety are also of the utmost importance at Meadow Green. We will also continue to develop students who exhibit traditional qualities and values, such as leadership, respect, responsibility, honesty, and integrity through our monthly character education themes and powerful PBIS program. Our staff at Meadow Green will teach, set, model, and reinforce expectations for our students. Students will receive positive recognition through monthly character assemblies and our PBIS systems. In conjunction with these powerful systems, Meadow Green staff utilize responsive classroom systems, social emotional learning, restorative practices, and affective statements to support a positive climate. Our student leaders support our students and campus climate through the research-based Orange County Department of Education Peer Assistance Leader (PAL) leadership development program.

Meadow Green students will continue to learn and master skills in technology that will prepare them for 21st century college and careers. Throughout the year students will utilize technology such as, 1:1 Chromebooks in grades TK-6, iPads in our special education preschool program, and a Science, Technology, Engineering, Art, and Math (STEAM) Lab for hands-on learning. Several classroom also utilize Interactive ViewSonic boards to add interactive elements to daily lessons. Using technology regularly allows Meadow Green students to develop 21st century skills in the 4 Cs (communication, collaboration, creativity, and critical thinking). Students in all grades utilize computers and technology daily to prepare them for advanced classes at Rancho Starbuck and at the high school level. Students also receive weekly instruction in music thanks to the generous support of the Lowell Joint Education Foundation. Instruction in Art is also provided throughout the year.

Meadow Green Mission Statement:

The mission of Meadow Green Elementary School is to encourage students and staff to seek excellence in academic achievement and personal conduct. We are committed to fostering student self-direction, self-motivation, self-discipline, and the ability to recognize the importance of learning. We believe that a close partnership between home, school, and community is essential to our students' success in becoming productive citizens and life-long learners.

At Meadow Green Elementary School, we believe:

- that all students can learn, deserve access to a rich instructional program, and should have an equal opportunity to learn in a safe and nurturing environment.
- in teaching good citizenship skills and developing in students an appreciation of country.
- that all students are valuable and gain ability, self-esteem, and pride through their diligence, achievements and accomplishments.
- that the choices made today shape the world tomorrow.
- that kindness makes our school a better place.
- that hard work helps us reach our potential.

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- · School facilities are maintained in good repair

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Core textbook adoptions are listed below. In ELA and Math the core program adoptions are all within the past 6 years and are aligned to California Common Core State Standards. After an extensive pilot in 2018/19, LJSD adopted Studies Weekly (K-5) and Discovery (grade 6) and are implementing that program starting in 2019/20. A Science pilot will take place as materials are developed that are fully aligned with the NGSS standards. All adopted and piloted programs are approved by the California Department of Education. The year that programs were adopted are listed below. All materials and textbooks are from the most recent adoption of that subject. All students have their own assigned textbooks and instructional materials. Please see below for supplemental programs that are utilized to support achievement in ELA and Math.

For all curricular areas, Thinking Maps (TK-6), iReady (K-6), and Moby Max (K-6) are used to support instruction. For Reading/Language Arts, the following are supplemental to the core materials: Accelerated Reader (TK-2), Lexia Core 5 (K-2), Scholastic News (TK-6), Reading Plus (3-6), Write From the Beginning (TK-6), Flocabulary (TK-6), (7) iReady (K-6). Additional supports for Mathematics include the MIND Institute's ST Math (K-6) and iReady (K-6).

School Facility Conditions and Planned Improvements

Meadow Green school was built in 1962. There are 28 classrooms on campus. Safe and clean schools are fundamental necessities of a successful academic environment. Our Maintenance Department is proud to impart solutions and services integral to providing a safe environment conducive to learning. Safety inspections are held annually to ensure the maintenance of an optimal learning environment.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Meadow Green Elementary School parents are involved on many different levels. They are partners with the school as they work to get their children to school on time each day and as they assist in the completion of homework in a timely manner. Parents are encouraged to sign a learning compact at the beginning of the school year that outlines the responsibilities of teachers, students, and parents in the support of the educational program of our school. Parents are also active participants in raising funds that provide for school field trips and assemblies.

In addition, Parent Teacher Association (PTA) funds support the school-wide PRIDE Program that enhances student's Personal Responsibility In Daily Effort. All parents are invited to join the PTA. Parents also serve on the School Site Council, which is the primary site-based decision making body on campus. This council consists of school staff, teachers, and parents and makes decisions on major budget expenditures of Title I and School Improvement Programs and includes an English Language Advisory Committee (ELAC) parent who serves on the School Site Council (SSC). Potential parent members for the SSC are nominated by and voted in by their peers. Flyers for this process are sent home to all parents. SSC member parents play an active role in advising the school about priorities and concerns. Meadow Green also offers reading and literacy parent education support in the evenings to support parent engagement and education of students. Based on recommendations from LACDPH, meetings are being held virtually with information on meetings emailed out and posted on the MG website calendar.

As volunteers, parents regularly assist in supporting classroom teachers and the educational program by assisting in the classroom. Those wishing to volunteer in the classroom directly contact the teacher. The PTA provides a forum for parents to participate regularly in school activities and functions such as student-centered activities and fund raisers. Parents are invited to attend monthly awards assemblies that honor students for citizenship and achievement. They accompany classes on field trips and assist with special projects and presentations at school. Meadow Green holds an annual Holiday Program, Grandparent's Day, and a Volunteer Tea, all aimed at inviting and encouraging parental involvement. Both Back-to-School Night and Open House are excellent opportunities for parents to participate in school functions and become an active part in the school and their child's education. There are also family engagement opportunities during Red Ribbon Week and Read Across America Week.

2021-22 Opportunities for Parental Involvement

A number of software programs are also available online so that parents can actively encourage and engage their children in learning at home. These include the MIND Institute's ST Math, iReady, Lexia Core 5, MobyMax, and Reading Plus.

For additional information, contact the school principal at 562-902-4241.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- · Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Meadow Green Elementary School is committed to the safety and security of each student.

To maintain these conditions which contribute to the best possible learning environment, the School Safety Plan includes the following elements:

- 1. School Crime Assessment: Meadow Green Elementary School provides compiled school crime information each month for the California Safe School Assessment as mandated by the State of California. This information is analyzed at the school site to determine what steps may be taken to reduce incidents of crime.
- 2. Child Abuse Reporting: Teachers and other school employees are required by law to report any cases of suspected child abuse or child neglect. Reports are investigated by the Department of Social Services to determine if any follow-up on the report is necessary.
- 3. Disaster Procedures and NIMS Report: In order to ensure the safety of students and school personnel, the School Safety committee has created a comprehensive Disaster Preparedness Plan and specific emergency job duties for all staff are clearly defined in the NIMS Report. This Disaster Plan is revised and reviewed annually. Emergency fire drills are held once a month and evaluated for effectiveness. Lockdown and Earthquake drills are routinely practiced throughout the year.
- 4. School Discipline: Meadow Green Elementary School has created a school-wide discipline plan in order to communicate high standards and expectations and to hold students accountable for their behavior. The discipline plan is given to every student and reviewed in student assemblies or classroom presentations. Staff members consistently enforce the school-wide standards. Meadow Green also has a strong positive component to its discipline policy. This includes a PRIDE program of recognition for citizenship, good behavior, and responsibility. An awards program recognizes students for their positive choices. Upper grade students are invited to join the Bully Busters and their focus is to encourage and foster positive interaction between students at school. Meadow Green is in year two of developing our Positive Behavior Intervention Strategies Plan (PBIS). Tier two defines behavior expectations for all students, in all areas on campus as well as continues with our successful recognition program now in place. Tier two also details interventions and student success programs which are in place to assist a smaller population of children who need more assistance, guidance and frequent monitoring for improved behavior.
- 5. Sexual Harassment Policy: Meadow Green Elementary School strictly adheres to LJSD policies that prohibit sexual harassment or discrimination of any kind.
- 6. School-wide Dress Code: Meadow Green Elementary School believes that a clearly defined dress code contributes to a positive school environment. The primary standards for student dress and grooming include: the student should be neat and clean at school, and the student should not wear clothing that compromises safety or modesty or that is disruptive to the educational process. Each student receives annually a written copy of the school dress code.
- 7. Safe and Orderly Environment: Meadow Green Elementary School believes a safe and orderly environment is necessary to ensure a positive learning experience for all students. Regular supervision of students is the core of creating and maintaining a safe and orderly environment. Teachers, administrators, campus supervisors and parent volunteers consistently supervise and interact with students to reinforce behavioral expectations and safety standards. Staff, students, and parents are all encouraged to support a bully-free campus. Assemblies are held focusing on appropriate behavior with others, and all staff, parents, and students are encouraged to sign a kindness pledge. PBIS Positive Behavior Intervention Strategies is in place.

The School Safety Plan is reviewed annually with staff. It was reviewed and updated and approved by SSC on September 30, 2021, which includes representation from certificated staff, classified staff, and parents / guardians.

2020-21 Types of Services Funded

Title I funds provide economic assistance to supplement the regular instructional program for educationally disadvantaged students. Expenditures include: Salaries and benefits for small group intervention during and outside of the school day, supplemental materials, supplemental supplies, technology, professional development/conferences, consultants, professional development for data analysis, curriculum development, and professional development, postage, non-capital equipment, and student field trips. Title I is utilized to support students in need of interventions at Meadow Green as a means to supplement and not supplant our CORE program. Meadow Green operates the Title I program as a school-wide Title I program, targeting achievement school-wide. Meadow Green transitioned from a targeted assistance to a school-wide program during the 2018/19 school year, as the number of students from socioeconomically disadvantaged backgrounds increased above 40% of the total school population.

Utilizing Title I and LCAP funds, Meadow Green provides Tier III support during and outside of the school day for students performing below grade level standards. Numerous software programs, which are utilized at school and can be accessed at home are also provided to all students.

Closing the achievement gap between high and low performing children and especially the achievement gap between minority and non-minority students, and between disadvantaged children and their more advantaged peers is a focus of Meadow Green School.

Title II funds are designated to improve teacher quality and increase the number of highly qualified teachers. The program focuses on research based strategies to prepare and train highly qualified teachers.

Title III funds are designated to ensure that students attain English proficiency and meet the same challenging academic achievement standards required of all students. Funds are used for translation, support services, instructional aides, supplemental books, and conferences.

Professional Development

Professional development is an on-going process throughout the year. District-wide, there are full non-student days throughout the year where teachers receive professional development in areas such as instructional technology, student engagement, data analysis, implementation of core and supplemental instructional programs. The early-release days are on Mondays and topics are developed based on teacher need. The specific focus for the full, nonstudent days of PD are as follows:

August 16, 2021- Introduction to Implementing iReady

August 27, 2021- Implementation of new programs and preparation fir the 2021/22 school year

November 1, 2021- Setting the Stage for Writing with Thinking Maps

April 15 2022- Using Thinking Maps to support writing

There were several early release Mondays that are also utilized for Site Professional Learning Community (PLC) meetings. At PLC meetings, staff focus on one or more of the four essential PLC areas (What do we want students to learn? How will we know students have learned? What will we do for students who have not learned? What will we do for students that have learned?). Site PLC focus areas are aligned with site goals and programs as developed by the School Site Council based on student achievement measures and are developed by the Principal in collaboration with staff. Topics for 2021/22 include:

September 13. 2021- iReady training- How to use benchmark data

September 27, 2021-Site PLC- Topics: Morning Meetings, Supporting Students w/ challenging behavior, and ViewSonic best practices

October 25,, 2021- Site PLC- Accessing iReady data for conferences

Jan 10, 2022- KnowGo district Zoom

January 24. 2022- iReady- Guiding personalized instruction

April 4, 2022- Implementation of 2021 CAASPP assessments in ELA, Math, and Science

May 2, 2022- End of year analysis / planning

In addition to PLC meetings, teachers also utilize early release Mondays for collaboration during instructional team planning with grade level and matriculation colleagues at both the site and district level.

Staff also receive other PD opportunities throughout the year to attend conferences and receive other trainings.

Areas include, but are not limited to data conferences with administration, STEAM conference, CUE conference, PALs, Restorative Practices, EDI, GLAD, Thinking Maps, and collaboration for data analysis and curriculum development.

Support for implementing programs and practices is on-going throughout the year. The Principal conducts classroom visits daily and provides on-going feedback and support. In addition, teachers are able to support one another through ITP time on Wednesdays. An instructional technology coach is also available to support development and implementation in that area. Finally, all grade levels receive several full days of sub release throughout the year to receive support from district Ed Services personnel.

This table displays the number of school days dedicated to staff development and continuous improvement.

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.

2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

SCHOOL PROFILE

Olita Elementary School is located on 950 S. Briercliff Drive in La Habra, California and is one of five elementary schools and one junior high school in the Lowell Joint School District. Our school serves students in grades Transitional Kindergarten through Sixth Grade with an enrollment of approximately 450 students. There are three special education classes on campus: one mild/moderate class for grades K-3, a mild/moderate for grades 4-6, and one moderate/severe class for medically fragile students grades K-6. Grades one through three have an average of 24 students, while grades four through six average 33 students per class. There are 19 teachers, 13 instructional aides, and 14 support staff.

Nineteen percent of the parent community have graduate degrees, while 67% percent have some college background or college degree. Eleven percent of parents only hold a high school diploma.

The ethnic distribution of enrollment finds 66% of students Hispanic, 19% of students in the not Hispanic or Latino group, with 15% of our students in other ethnic groups. Eight percent of students are English Language Learners.

The flavor of Olita Elementary School can best be captured in the yearly school-wide themes that we have had over the years: Olita Ranch - Roping in Knowledge, Olita Ranch - The Brand of Excellence, Camp Olita - The Adventure Begins, Camp Olita - The Adventure Continues, Olita Has Star Power - Watch Us Shine, We Celebrate Learning, We Are Olita's All-Star Team, We Cultivate Minds and Values - Watch Us Grow, Olita – a Sea of Knowledge, Olita - We Are Dino-Might! and Following Camp Olita's Academic Trail to Excellence. Each theme sets the tone for high expectations, attainment of excellence, and a lifetime adventure for learning.

The school's vision is for students to have enthusiasm for learning coupled with strong character traits that will carry them through the years as lifelong learners. This vision is the shared responsibility of students, staff, parents, and community. Staff stresses personal integrity, social responsibility, and our national heritage. Character building is a strong component of everyday instruction. We have a sequential, spiraled character education program that starts in Kindergarten and follows through to sixth grade. Monthly qualities are taught, rewarded, communicated to parents, and displayed on our marquee and monthly office bulletin board.

Teaming and collaborative planning have provided the backbone for a strong academic program that sets a school-wide vision where every part of the school skeleton is joined. Certificated and classified staff members work in harmony to provide a learning environment that is safe, creative, challenging, and appropriate for the various levels of learners. There is a common vision for behavior, student and staff recognition, excellence, and time on task.

Olita parents are actively involved in the education of their children. Parents work in classrooms and participate in fundraising and expanded curricular events. Parents serve on Olita's School Site Council and PTA Executive Board as well as PTA committees. Attendance at Back-to- School Night and Open House are extraordinary with classrooms averaging 85-100 percent.

MISSION STATEMENT

Our mission is to encourage each child to develop individual excellence and a desire for lifelong learning so that they can be contributing members of society. To accomplish this, we provide a positive, engaging, and challenging learning environment where all students are given equal access to the core curriculum. We believe that each child is a unique learner and that children thrive with personal recognition for academic progress and effort. With parents as partners, we have established a nurturing and supportive learning community, where staff work collaboratively and cohesively and share in the responsibility of assisting Olita students in demonstrating positive character traits, tolerance, social skills, effective communication, critical and creative thinking, problem solving, and decision making. Olita's learning environment supports and empowers each child to become a responsible and productive citizen.

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- · School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

Olita School consists of seven major buildings with five bungalows. There are two wings for the primary classrooms and an additional two wings for the upper-grade classrooms. Kindergarten is separated from the rest of the campus by an enclosed play yard. In addition to the classrooms there is a library, computer lab, speech room, and a school psychologist's room. The central office houses the office manager's station, attendance clerk's office, nurse's office, principal's office, school psychologist's office, lounge, workroom, ELD instructor, with another building for the multi-use and kitchen. Olita underwent major renovations in 2020 for new roofing and HVAC systems as part of Measure LL.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

During the COVID-19 pandemic, we have had intermittent times when parent volunteers could be on campus. We have held several PTA sponsored drive-by events for our families, but they have been outside and all safety protocols are being followed.

Each year, the Parent Teacher Association (PTA) fills a 10-seat executive board with an accompanying support group that runs the committees. Parents work closely with the school to promote school spirit. The PTA conducts fundraisers, plans social events and assemblies, runs the Reflections Program, puts together a yearbook, organizes reading incentives, supports Red Ribbon Day, and conducts outreach programs. PTA has overwhelmingly supported the reading and math program at Olita. Accelerated Reader was also purchased by the PTA to support the reading achievement of all students.

When allowed, parents attend Bingo Night, the Fall Fun Fair, various family nights, skate nights, picnics, and field trips. They are kept apprised of school events through the monthly voice mail, weekly mailings, School Messenger, Instagram and a monthly newsletter posted on our school web site. Parents also wear their Olita spirit shirts on Fridays and on field trips.

When allowed, parent speakers come to the classrooms and talk to the classes about their heritage, what they do for a living, or an interest or hobby. Parents cook foods from their culture to celebrate international holidays. We also have a group of parents who decorate the outside office windows with seasonal themes.

Parents are further involved in Student Study Team (SST) meetings, School Site Council (SSC), two parent conferences each year, as tutors in the classroom, assistants to the teacher, signing of assignment books, working as noon duty aides, plus intramural and physical education helpers.

- · Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The learning environment reflects an academic focus, and Olita maintains high expectations and standards for student achievement and behavior. Pride in the physical environment is stressed, and a safe and orderly campus is maintained. Olita's school programs help to provide a safe and appropriate learning environment for all students.

There are multiple and diverse opportunities for students to be recognized for their achievements, good behavior, and citizenship. Monthly award assemblies provide a time for the entire school to celebrate the accomplishments of the Olita children. Student of the Month, Citizen of the Month, Reading and Math Clubs are just a few of the awards presented at the assembly.

A school-wide discipline program is in place. Behavioral expectations are communicated to students, parents, and support staff. Guidelines for behavior are reviewed with all students, posted in each classroom, as well as sent home to parents. A student referral system is in place to ensure student behavior is monitored and is fair and consistent. Students follow the district adopted dress code.

A comprehensive School Safety Plan has been developed where in case of disaster, all stakeholders know procedures and safety protocol expectations as explained in our National Incident Management System protocols. Drills for fire and earthquake evacuation procedures are practiced regularly. Each classroom has a backpack filled with essential items needed in an emergency, such as attendance forms, accountability sheets, band-aids, and basic first aid items. A supply of water is on campus, and each student brings a bag of nonperishable food items to have in case of emergency. These are stored in each classroom. Staff has been assigned to teams of search and rescue, student release, first aid, and student supervision. We practice a full walk-through drill each year where the school simulates disaster procedures. This plan will be reviewed at our next School Site Council meeting in February, 2022.

Visitors on campus are expected to check in at the office with their ID run through the Raptor system. All visitors and staff wear an identification badge at all times while on campus. Our campus is secured throughout the school day. The staff helps to make the procedure for dismissal and pick-up of students safe.

2020-21 Types of Services Funded

Title I funds provide economic assistance to supplement the regular instructional program for educationally disadvantaged students. Expenditures can include: tutoring, instructional aides, substitutes, instructional supplies, supplemental supplies, conferences, consultants, postage, non-capital equipment, and student field trips.

Title II funds are designated to improve teacher quality and increase the number of highly qualified teachers. The program focuses on research based strategies to prepare and train highly qualified teachers.

Title III funds are designated to ensure that students attain English proficiency and meet the same challenging academic achievement standards required of all students. Funds are used for translation, support services, instructional aides, supplemental books, and conferences.

Professional Development

Our teaching staff is continually seeking ways to improve their skills and the instructional program. Teacher training priorities are identified each year, and teachers and administrators participate in District and school-level in-service programs. All elementary schools are provided one shortened day per week for site-based in-services related to specific school goals. All schools participate in annual August in-services, after-school in-services, and various conferences throughout the year. Most teachers have been GLAD trained and Thinking Map trained and are using strategies in their classrooms throughout the year. In 2016-17, our district adopted English Language Arts curriculum. For grades Kindergarten through fifth, we adopted Journeys from Houghton Mifflin. In sixth grade, we adopted Study Sync by McGraw Hill. In 2019-20 Studies Weekly was adopted along with Discovery for 6th grade in the area of Social Studies. With each adoption there is professional development provided connected to the implementation of the program to address state standards. The Science adoption was postponed last year, but our teachers are now reviewing/piloting new science curriculum. Textbooks and supplements are being used, along with the pacing guides designed by the publisher and Assistant Superintendent of Curriculum and Instruction. Presently, our teachers are being trained in Thinking Maps as well as Write From the Beginning. Most teachers have been trained in Explicit Direct Instruction (EDI) through DataWorks and Project Based Learning (PBL). iReady is our new program this year that we are using as a diagnostic and for learning support. Students take the diagnostic at the beginning of the school year in both math and reading. The program is individually designed to help students with skills at their levels. The students then take benchmarks throughout the year to monitor progress.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.

2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Rancho-Starbuck Intermediate School is located in the unincorporated area of southeast Los Angeles County. We are part of the Lowell Joint School District and serve over 780 students in 7th and 8th grade. Rancho-Starbuck was constructed in 1958 and has enjoyed continuous upgrades and maintenance over the years. Our school offers a well stocked, upgraded library and 1:1 chromebooks for every student using the Google platform. Our Science, Technology, Engineering, and Mathematics (STEM) lab is complete with 30 computer work stations and professional engineering software. Our STEM lab and Art Department use a 3D printer for instructional purposes. All classrooms are fitted with projectors and TV screens or View Sonic boards. Our technology is regularly updated including document cameras in every classroom. Aeries, a parent/student portal, keeps students and parents regularly updated regarding student progress.

The staff at Rancho-Starbuck School currently has 29 fully-credentialed teachers teaching in their subject area and one part-time educator. Our school team consists of two STAR resource center specialists, one moderate Special Day Class (SDC) classroom, a school psychologist, a part time English Language Development (ELD) teacher, a speech and language specialist, a part time choral music teacher and an instrumental music teacher. There are two administrators: a principal and assistant principal. A full time academic counselor is on staff. Additional support is provided by an office manager, school clerk, attendance clerk, a part-time health clerk, full-time librarian, two STAR Center aides, instructional aides, three custodians, five noon duty aides and multiple days of counseling intern support.

Rancho-Starbuck Intermediate is known for its safe and orderly learning environment. The record of suspensions/expulsions is low and the school institutes a comprehensive school safety program. The staff places a high priority on developing responsible citizens through our Character Education and Responsibility * Effort * Attitude * Character * Honor (REACH) programs. Through this program, we emphasize the importance of each of these themes and we recognize students for their achievement. In addition to Rancho-Starbuck's strong academic program, we continue to provide outstanding programs in technology, music, art, drama, and a variety of elective offerings. Our instrumental music program is an award winning program receiving the Golden Bell award in the 2019-2020 school year. Rancho-Starbuck offers a STEM program complete with a technology lab and offers classes in Robotics, Advanced Computer Science and Music Production. Rancho-Starbuck also offers Design and Construction, a course where students actually design and build, getting a glimpse of future careers in construction. Rancho-Starbuck is proud to that our Advanced Computer Science course prepares students to take the AP Computer Science test at the end of the year. Each year we have junior high students pass the high school AP test, receiving college credit.

Our school offers a variety of leadership opportunities for students through our active ASB program. After school curriculum enrichment activities help to keep students involved and encourages each student to develop skills and interests including Jazz Band, Drumline, and Robotics. Additional after school opportunities include Science Olympiad, Junior Achievement, Competitive Drum Line, Yearbook and National Junior Honor Society. A mentoring program called REACH Circle offers students an opportunity to enjoy a mentor relationship with school staff and an opportunity to offer community outreach opportunities. After school sports offers our students another way to get involved on campus. A variety of after school sports are offered during three sport seasons. Rancho-Starbuck believes in fostering a school wide college atmosphere.

All students have an opportunity for success at Rancho-Starbuck. Flex, an award winning program, provides students the opportunity to have additional instruction during the school day. Students are also offered additional enrichment classes once standards are mastered. Learning Targets in core subjects help monitor student progress on state standards. Before school tutoring through Power Start is offered to all students. Intervention classes during the school day are offered in Math, ELD support for our Language Learners and a reading intervention class using Read 180 curriculum. Pathway classes during the school day also offer targeted academic support as well as motivation and executive functioning support for struggling students. Literacy is promoted across the campus, and there is a school wide focus on California State Standards and 21st century learning with an emphasis on writing skills through Thinking Maps and Write from the Beginning. The mission statement promotes the development of character, passion and academic excellence in all students. These characteristics are promoted in all areas on the Rancho-Starbuck campus. In addition, Honors students are offered an opportunity to be part of The Academy and/or the Conservatory of Fine Arts. Through this extension activity students will complete an 8th grade Capstone Project where their imagination and creativity can help them soar to new heights.

Rancho-Starbuck is proud to be a California Distinguished School, Gold Ribbon School and a four time recipient of the California Business for Education Award of Excellence. Rancho-Starbuck is a 2017 National School to Watch and a 2019 and 2020 Golden Bell recipient. Rancho-Starbuck has also been re-designated a national School to Watch in 2019-2020. Our staff is dedicated and nurturing; Rancho-Starbuck is a wonderful school!

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- · School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Rancho-Starbuck Intermediate School was built in 1958, and there are 44 classrooms on campus. We believe a safe and clean school is a fundamental necessity of a successful academic environment. Our Maintenance Department is proud to impart solutions and services integral to providing a safe environment conducive to learning. Safety inspections are held annually to ensure the maintenance of an optimal learning environment. The campus is well-manicured and lockers are refurbished yearly. Murals inside and outside of the campus add spirit and beauty to the campus. Front landscaping provides a welcoming appeal. Campus beautification is ongoing because we believe the appearance of our campus is important!

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Our parents work closely with Rancho-Starbuck Intermediate School to promote a positive environment and assist with the activities that make Rancho-Starbuck an exciting place to be. Our parent portal keeps parents regularly updated on individual student progress and school wide activities. We believe in the importance of strong parent partnerships on campus, and we are proud of our excellent Parent Teacher Association (PTA). We welcome our families through School Site Council (SSC), PTA, REACH, after school sports, and a variety of other parent involvement opportunities including Junior Achievement and Science Olympiad. Parent University, our 4 parent nights presented on campus each year, helps parents with cyber safety and social media, drugs and vaping education, college entrance, suicide prevention and social-emotional health and general academic and school success. With COVID impacting the ability for parents to be on campus regularly, many opportunities have been presented using the platform of Zoom to keep parents involved and engagement in their child's education.------

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- · Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Rancho-Starbuck believes that there must be a safe and orderly school environment for optimum learning to take place. School rules are clearly communicated to both students and parents. There is a school-wide discipline plan and school rules are fairly and consistently enforced.

The campus is fully fenced to give protection from intruders. All visitors are asked to wear a visitor badge and sign in and out of the school through the use of the Raptor system. Rancho-Starbuck has monthly fire drills, quarterly earthquake drills, lock down drills, and the staff is trained in emergency procedures. We take a proactive approach to safety and include canine drug prevention visits to campus.

The School Safety Plan is annually reviewed and updated. The following implementations endorse the plan: campus emotional, moral and practical assistance such as guidelines for discipline, a strictly enforced dress code, and counseling support for social and emotional wellness. Through a myriad of support services including social/emotional lessons using the Olweus Bullying program (Kindness Campaign), students are given a voice on campus and the opportunity to problem solve and provide suggestions for improvement. Rancho-Starbuck also uses the CoVitality Universal Screener to take a proactive approach to student social-emotional wellness. This, along with an all staff effort to support students and an active parent support system, helps Rancho-Starbuck meet the needs of all students regarding safety and emotional health and wellness.

2020-21 Types of Services Funded

Title II funds are designated to improve teacher quality and increase the number of highly qualified teachers. The program focuses on research based strategies to prepare and train highly qualified teachers. Title III funds are designated to ensure that students attain English proficiency and meet the same challenging academic achievement standards required of all students. Funds are used for translation, support services, instructional aides, supplemental books, and conferences. Supplemental dollars also traditionally fund before and after school tutoring/homework help, an Intervention Coordinator to monitor and support struggling students, the school Counselor, additional intervention courses in English Language Arts, Mathematics, and English Language Development as well as support for STEAM and AP Computer Science.------

Professional Development

All staff members participate in district-level staff development throughout the year. GATE training, iReady Training and Thinking Maps Training are an area of focus for the teachers with an emphasis on writing. Professional development on California State Standards and implementation strategies are also on-going. Extensive training on Next Generation Science Standards has resulted in implementation of those standards in an integrated approach. School departments meet regularly to focus on the standards and provide differentiated instruction to our students. Staff members attend various professional development opportunities in their subject area and on overall student motivation at the junior high level. Truama informed teaching education has also been provided for teachers. Rancho-Starbuck is a professional learning community that believes in the importance of staff collaboration. Weekly PLC staff collaboration helps create opportunities for staff to focus on student needs. The focus of staff development is always centered on student success at Rancho-Starbuck.------

Lowell Joint School District 2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
