## Think Global. Live Local.

Be home for dinner with your family! Appreciate your friends. Live more freely and take time for yourself. Laugh. Eliminate headaches and hassles from long commutes. Save money on gas, wear and tear. Live in a visionary city destined for greatness!

By living closer to work, you can do something good for the environment and for yourself. Fresh start. Did you know that the average inland empire commuter could have more than \$60,000\* in purchasing power by simply moving closer to their place of work? Or maybe you've never quantified just how much you could be saving in car maintenance and gas?

The think global/live local program is offered exclusively to people who work in their community in order to provide them the opportunity to purchase at Cameo in Whittier – the perfect neighborhood.

If you currently work in the city of Whittier and buy a home at Cameo we'll contribute up to \$1,000\*\* to help you get your new home!

We think global/live local, Brookfield Residential shows their appreciation to all of you who work in Whittier. Through your efforts- including your support for new, high-quality homes and neighborhoods- you are helping to preserve the character and charm of the city of Whittier.
