- LJSD English Learner Program Update

Reviewed and discussed the reclassification processes, the ELD Progress Reports, reclassification monitoring, and the English Language Learning Assessment (ELLA). LJSD is currently in the process of reclassifying English learners that have met the reclassification criteria to Fluent English Proficient. Students who have been reclassified must be monitored for two year, if a student begins to struggle the school re-evaluates the student's progress and intervention measures are recommended. The ELD Progress Report is a tool used to provide ongoing record of student growth through the English proficiency levels. The ELLA mirrors the CELDT and provides data to measure growth with language proficiency.

- Local Control Accountability Plan (LCAP) Feedback

Reviewed our LJSD Pupil Outcome goal and the specific actions/services for English learners.

- CA Accountability Model

Reviewed and discussed California's new accountability and continuous improvement system that provides information about how our district and schools are meeting the needs of our diverse student population. Viewed the California School Dashboard video. Displayed the district dashboard report

that indicates the performance of the district and schools and student groups on a set of state and local measures to assist in identifying strengths, weaknesses, and areas in need of improvement. Also, displayed the district five-by-five grid that produces 25 results using five colors and indicates the schools and student groups placement on the five-by-five grid. Explained the 2012-2014 data gathered to indicated English learner performance on the dashboard.

- District and Site Parent Involvement Policy

Reviewed our District Board Policy and individual school site parent involvement policies.
